Pure Offices

In February 2019, we were invited to partner with Pure Offices in Oxford to deliver daily housekeeping, office and washroom cleaning across their five sites – Oxford House, Fountain House, Triumph House, Whichford House & Innovation House.

Pure Offices have over 20 locations across the UK catering for businesses of all sizes from start-ups to global brands providing personalised and flexible office solutions.

We have worked closely with the team in Oxford to implement a series of comprehensive processes and procedures that meet their exacting requirements.

In the first few months of the contract, the focus was on improving the overall standards of cleanliness across all five sites.

"We have seen a significant improved level of service since February 2019. One particular area that we have been impressed with, is the quality of communication between ourselves and the Fidelis team - any of our questions or requests are acted upon quickly and efficiently.

The regular audits provide us with an insight into the overall performance and inform us of areas that we weren't aware of. It also provides an opportunity for two-way communication, suggestions and updates from Fidelis as well as feedback from ourselves.

It is a seamless process, the team come in and get the job done without any hassle which is exactly what we want."

Centre Manager, Pure Offices

We recently had the pleasure of visiting Amada UK Ltd, based in Kidderminster, where we carried out a thorough Deep Clean across the interior and exterior of the site.

During our time there, our operatives carried out a Deep Clean of the workshop floor, cleaning of the canteen and kitchen and much more, before moving onto the exterior of the site where they carried out the jet washing of the exterior fencing and cleaning the external cladding of the entire building.

The services we provided will help the business to ensure they are making the best possible impression on their visitors and clients, whilst providing their staff with a clean and safe environment to work in.
